**General Discussion:**

June's meeting was a work session concentrating on RCP specification for PUG. We had 4 different versions of RCP specs that people had brought it to compare and use. Charlie will be putting together an RCP spec that incorporates comments and suggestions from the group. Thank you to those who brought in their versions.

A suggestion for the next meeting was to ask a pipe installation/construction contractor to come in and give a presentation.

**Next Meeting:**

Our next meeting will be on Tuesday, July 29, 2003. It will be held at the offices of Brown and Caldwell at 201 North Civic Drive, Suite 300, in Walnut Creek. Please call Charlie Joyce at 925-210-2509 or e-mail him at [cjoyce@brwncald.com](mailto:cjoyce@brwncald.com) to RSVP by Monday, July 28th. ***Presentation from Mike Darcy with Darcy & Harty, Lessons Learned, Project Discussion, Contractor's Interpretation of Specifications and Design, Question and Answer – Pipe Installation and Construction Related Issues.***
