

You Are Invited to Join:

Pipe Users Group (PUG) of Northern California is a non-profit organization comprised of local agencies, municipalities, consulting engineers, product suppliers, and industry related professionals. PUG is dedicated to providing its members with current technical information and training opportunities to stay up to date with industry news and technology.

The slogan of PUG is **“Sharing Technologies Together”** and it's PUG's mission to provide this to its members and the industry.

Annual Seminar in February

PUG's Annual Seminar has been a fixture in the pipeline industry for almost 20 years. The seminar offers members and non-members the opportunity to learn about current pipe related projects.

PUG Website

PUG maintains a website to provide its members with meeting agendas and minutes, calendar events, annual seminar papers and presentations, financial records, upcoming events, and photos.

Monthly Meetings

PUG conducts monthly meetings for its members to discuss current topics, training events, and opportunities related to pipelines. Meetings also include technical presentations and raffles.

Industry Related Field Trips

PUG schedules at least one field trip per year to give its members an opportunity to witness and observe pipe manufacturing, construction sites, or on-site demonstrations.

Social Events

PUG social events are great opportunities for its members to socialize outside of the monthly meetings. PUG schedules at least one social event per year to promote camaraderie of the group and professional networking.
